ABOUT WP SUSPENSION

GET IN FRONT

WP Suspension utilizes decades of experience and expertise when providing Authorized Centers with the very best components; putting industry leading performance in the hands of its customers. Whether it's the acute demands of a race, or simply for a rider who wants to explore the limits of what a motorcycle can do, the Austrian-based firm has been the go-to choice for professionals and those who dream of being so. The core values of WP Suspension are embedded in performance and innovation; two essential words that will ring true with any rider. When it comes to racing, WP Suspension and their collaborations with entities like the KTM Factory Racing teams have been prolific in their results and efforts; including Dakar, Enduro, Supercross, Motocross and now podium presence in MotoGP. With the new WP PRO COMPONENTS, anyone can make their motorcycle into a race machine that will provide the necessary edge in competition. Like our customers we are fast. If a WP product is in stock, then it can be packaged and sent within 24 hours of the order being placed. Distribution channels include over 110 Authorized Centers in 27 countries.

INTRODUCING

THE WP XACT PRO 7000 SERIES

WP XACT PRO - The WP XACT PRO 7000 series fork and shock are designed and proven to get the most performance out of the motorcycle as possible. The highly specialized technologies, paired with high quality materials, provides outstanding damping performance and superior handling. The all new WP XACT PRO 7750 shock incorporates the SUPERTRAX and Linked Damping System technology; driven straight from the Supercross and MXGP championship winning bikes developed by WP Factory Racing to offer increased traction and tunability for all conditions. The WP XACT PRO 7548 fork pairs WP's Cone Valve technology and Closed Cartridge technology; offering a superior fork designed to help the rider excel even in the most challenging conditions. Developed by WP's state-of-the-art R&D team, together with Factory Racing, the WP XACT PRO fork and shock are sure to help you GET IN FRONT.

WP XACT PRO 7548

THE WP XACT PRO 7548 FORK IS THE MOST ADVANCED AND HIGHEST PERFORMING FORK PRODUCED FOR THE PUBLIC FROM WP. IT IS DERIVED FROM FACTORY RACING TECHNOLOGIES AND RACING SUCCESSES AROUND THE WORLD.

The setup of a conventional damping system has always been a compromise between sufficient comfort and bottoming reserves, whereas the Cone Valve technology now permits a combination of both factors; resulting in outstanding damping behavior in all riding conditions. The WP XACT PRO 7548 is made from the highest quality materials and coatings, which have been developed in close collaboration with the current World Championship riders of KTM, Husqvarna Motorcycles and many more. Designed with WP's core values in mind, Innovation and Performance, this fork is sure to help its riders GET IN FRONT.

BENEFITS:

- Lightweight construction
- Unlimited opening of Cone Valve technology
- More comfort when using harder set-ups
- No shims, therefore no loss of damping because of bent shims
- All adjustments made externally
- HQ coating
- No sealing surface, so minimum drop of pressure after valve opens
- Hard chrome derived from Factory Racing for decreased sticktion and increased comfort

ADJUSTER:

- Compression damping
- Spring preload
- Rebound damping

TECHNICAL DATA:

- Stroke - 304 mm
- Inner Tube - 48 mm
- Piston - 23 mm
- Length - 950 mm
- Piston rod - 12 mm

PART NUMBERS:

14182T07SET - XACT PRO 7548 Fork - 125 SX (19), TC 125 (19), 250 SX (19), 250 TC (19), 250 SX-F (19), FC 250 (19), 350 SX-F (19), FC 350 (19), 450 SX-F (19), FC 450 (19), 450 SX-F Factory Edition (18-19), FC 450 Rockstar Edition (18-19), 250 XC (19), 300 XC (19), TX 300 (19), 250 XC-F (19), 350 SX-F (19), FX 350 (19), 450 XC-F (19), FX 450 (19)

WP XACT PRO 7750

WP XACT PRO 7750 SHOCK IS THE MOST INNOVATIVE SHOCK ON THE MARKET.

The shock incorporates WP's proprietary SUPERTRAX and Linked Damping System technologies, together with the Traction adjuster to further optimize the motorcycle's performance, while increasing both balance and traction in all conditions. These systems have been successfully implemented by the KTM and Husqvarna Factory Racing teams around the world to achieve Supercross and MXGP world championships, and are now available in the WP XACT PRO shocks for select KTM and Husqvarna Motocross and Cross-Country models.

BENEFITS:

- Lightweight construction
- Adjustable rebound damping
- Adjustable spring preload (racing type / quick adjust)
- Motorcycle rides higher in the stroke when navigating repeated bumps (no "packing down")
- Adjustable low speed compression damping
- Traction adjuster
- Improved comfort
- Bladder system
- Increased traction at the rear wheel, for quicker acceleration

ADJUSTER:

- High speed compression
- Rebound damping
- Traction adjustment
- Low speed compression
- Preload (racing type / quick adjust)

TECHNICAL DATA:

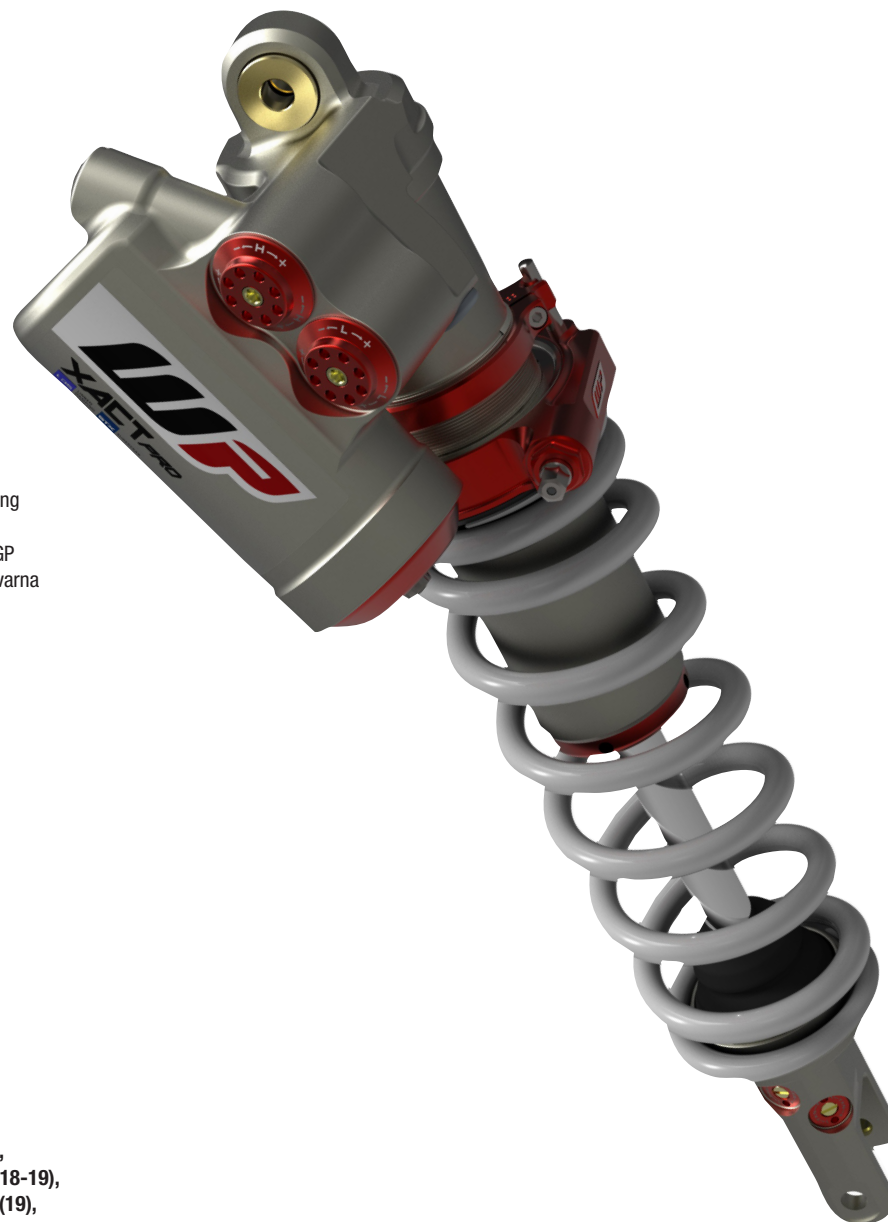

- Stroke - 138 mm
- Piston - 50 mm
- Length - 477 mm
- Piston rod - 18 mm

PART NUMBERS:

18180T07SET - XACT PRO 7750 Shock - 125 SX (19), TC 125 (19), 250 SX (19), 250 TC (19), 250 SX-F (19), FC 250 (19), 350 SX-F (19), FC 350 (19), 450 SX-F (19), FC 450 (19), 450 SX-F Factory Edition (18-19), FC 450 Rockstar Edition (18-19), 250 XC (19), 300 XC (19), TX 300 (19), 250 XC-F (19), 350 SX-F (19), FX 350 (19), 450 XC-F (19), FX 450 (19)
